

## CURITIBA

The Campus Curitiba of the Federal University of Technology - Paraná is located in the downtown area Curitiba and is over 76 years old.

Currently, the Campus offers twenty-five courses among undergraduate courses, major and technical courses, and also fourteen graduate courses, being noted for its engineering courses and good infrastructure.

Three major items make the Campus Curitiba, UTFPR, a guarantee of success: the physical space of 25 thousand square meters available – within three campuses in the city, a qualified faculty and an educational project aimed at technical training and also intellectual development of students, contributing to their full formation.
