

GUARAPUAVA

The Guarapuava Campus began its operations in 2011. It is located in the South Central region of Paraná and we offer four undergraduate courses, duly authorized by the Ministry of Education - MEC.

Currently, the Campus has 60 teachers and 41 administrative staff. In 2015, the university had 600 students. Within the next three years, we intend to reach 1,000 students only relying on the four current courses.

The UTFPR - Guarapuava Campus aims to double the number of courses over the next three years. In the long term, Guarapuava Campus will have a population of over 2,000 students, eight undergraduate courses as well as postgraduate programs.

A strong academic background is essential for the professional future, so Campus Guarapuava believes that a complete professional must be effective and efficient and this is possible by expanding his/her vision in technological capability and humanistic development. This increase in values is obtained in a variety of activities, ranging from scenic arts to the formation of the entrepreneurial spirit, awareness of the correct use of natural resources as well as the need for curriculum updating. This diversity is necessary for all of those who wish to succeed not only in their careers, but especially in their lives.
